GREENE-CANANEA WILL CLOSE DOWN MINES AND SMELTERS

Dr. Ricketts Confirms the Rumors To This Effect That Have Been Current In District During Past Few Days-Says Move Has Been Made Absoluely Necessary By Conditions.

AN ARMY OF 2,500 MEN TO BE MADE TEMPORARILY IDLE

Although various rumors have been current throughout the southwest dur-ing the past couple of weeks concerning the past couple of weeks concern-ing the clewing down of the properties of the Greene-Cananea Company, be-cause of the condition of the copper market, no official information in re-gard to the matter was obtained until last evening when Dr. L. D. Ricketts, general manager of the company, con-firmed the report to a representative of the Persent

firmed the report to a representative of the Review.

According to the pian which has been adopted, by November 10 all of the concentrators, and smelters, as well as the mines of the Greene-Cananea Company, will be closed down, and of the big army of employes only the few hundred will remain who will be needed to keep a Tairs in shape around the properties, and carry on some important development work on the Cananea Central portion of the some important development work on the Cananea Central portion of the holdings. How long this condition of affairs will maintain can not be said, but it is stated that operations will be resumed as soon its sales of copper can be made and the demand becomes stable.

Dr. Ricketts arrived in the city yesterday afternoon from Cananes, and was aske asked for a statement. In

"It is true that the properties of the Greene-Cananea Company will be closed down within the next ten eavs or two weeks. Although the managecopper market it is absolutely imperative. With an enormous supply of copper on hand, and practically none being sold it is the only course left

"The force has been gradually decreased during the past couple of weeks, it being hoped for a time that some change would set in, but none has come.
